1. [redacted] called me and stated that [redacted] who is now handling the AG records for SDS in connection with our agreement when we took over this activity is now about to be hired as a civilian by CIA.

25X1A 2. [redacted] requested we look over the officers whom we will be phasing out in connection with both the reduction of our administrative overhead and release of junior officers in excess of our military ceilings, and try to find for him an officer of [redacted] qualifications, including some knowledge of German, to replace him in the SDS records section of the AG Office.

25X1A 3. Will you please contact [redacted] direct within the next week in connection with this matter and continue to follow through until we either find someone or determine that we have no one with appropriate qualifications.
